What can i say mate, another great night in Camelon Orange Hall last Saturday. Great tune selection (who the f**k is Alice especially), kept the crowd going with a great mix of loyalist songs and past and present hits. Got a feeling you'll be busy in a few months time. The more places you go, the more im sure your name will get around. Im sure youve got a big future ahead of you. Once again it was a pleasure.
